Platelets	500	10^3/uL	150 - 450	HIGH [H]
MCV	84	fL	80.0 - 100.0	NORMAL

LABORATORY ACCREDITATION & INTERPRETATION POLICY:
Reference intervals are assay-specific and calibrated to the executing instrumentation core. Analytical values outside reported boundaries represent isolated laboratory measurements and do not alone establish clinical diagnoses. Medical decisions require clinical correlation by a licensed medical physician.
